Look into my eyes, tell me you're alive
Look into my eyes, can you hear me now?

Can you hear us now?
Speaking the words
That would never cross your mind

Can you see us now?
Hope you fail, once you bury the bodies
And you can't live without it

I'm in your head, I won't forget
Your love is dead and you got nothing left
Your love is dead and we've all been broken

Sorry to say we're so better off
Sorry to say you're wrong

Can you hear us now?
Speaking the words
That would never cross your mind

Can you see us now?
Hope you fail, once you bury the bodies
And you can't live without it

Yet you can't breathe without it
And you can't live without it

Don't talk so much
You're a liar, you don't need to breathe
You said, you said, you said we're done
We see right through you

Can you hear us now?
Speaking the words
That would never cross your mind

Can you see us now?
Hope you fail, once you bury the bodies
And you can't live without it

And you can't breathe without it
And you can't live without it
