El creepo, sadista, vialador, masochista, despiado,
asesino, despiadado, pervertido
Planning your murder makes me want to cum
Pull out your heart let it dry in the sun.
Turning the tricks on a violent magician, we'll live fast
and die young a head on collision.
Tonight we'll ride under stars dressed in white, amidst
the searchlights that penetrate the sky.
One hand on the wheel, the other on your thigh.
A full moon the wolf is the devil in disguise
A bite on your neck and hot breath in your ear, a gun to
Shirley's temple as she trembles in fear
A bloodbath, a crime scene, a game of charades. A city
full of zombies in a riot parade
Tonight we'll ride on the stars dressed in white, amidst
the searchlights that penetrate the sky.
One hand on the wheel, the other on your thigh. A full
moon the wolf is the devil in disguise.
Don't let the fear get in the way. no not today... the
storms grow wild the lights go out and I'm waiting for
you to make a move.
We'll use your trauma now as currency, you always
promised me a tragedy.
I know exactly what you need, but before we proceed...
Put your hands up cause I'm checking for weapons.
Tonight we'll ride on the stars dressed in white, amidst
the searchlights that penetrate the sky.
One hand on the wheel, the other on your thigh. A full
moon the wolf is the devil in disguise.
