Take your time befor you eat me alive because I realy think you are beautiful.
Wait a while befor you take my life... because I'd really like to get to know you.
Far away from the tragedy in the dead end streets is a rainbow.
In the empty halls and emergancy rooms I see angels floating above you.
Hemorrhaging and a rush of blood to the head, you put the fun back into the funerals.
Lazy tiger as you hide in the grass, I can see you there staring at me.
Now I'm skinny sick and so paranoid, I'm a lighting rod in a thunder storm.
I bet eve was a lot like you you when she met the snake and she bit the fruit.
Russian roulettes of conflicted wounds
Red rivers flow fast around in my heart
Take your time befor you eat me alive because I realy think you are beautiful.
Wait a while befor you take my life... because I'd really like to get to know you.
Now I'm skinny sick and so paranoid, I'm a lighting rod in a thunder storm.
I bet eve was a lot like you you when she met the snake and she bit the fruit.
