I met her last week, this insane tart  
we been swimmin in eachother with the same heart  
I mean I think we might be sections of the same part  
And we don't seperate at all until the day's dark  
And then she floats away  
After zonin with me close all day

Gettin blazed and escapin a sick play

We go together through the spaces I trace

With a hand out strapped for one pill  
And I prescribed her fill  
And we made love to the thought that life's ill  
And how it's crazy that through all of this swill

sills
