[Verse 1]

I've been waiting for you all week.
Don't you know this is a rotten time to not not be me
I've been waiting for an hour now, what the f*ck is up?
I've got memories to lose man, I am in a rush
Don't make me suffer this dimension straight.
When we can bend face, let space pixelate
60 dollars for a new born you.
Pay no attention to these savages, they don't own truth
Pay no attention to the man behind this glassy smirk
I tried the old way, that advice you gave to me was dirt
25 and I can buy my way of planet nerf
Where the softest hearts are tossed around on astro
turf
Charlie Brown is a dope boy trumpets fade
And it's ridiculous to say oblivion's insane
And it's insanity to think I'd recognize my name
I no longer speak the language, I have chosen change

[Hook]

It's like a fresh start of a new world
(And I'd do anything, anything, anything)
To go home
It's like a fresh start of a new world
And I already want to go home

[Verse 2]

Looks like I picked the wrong week to quit sniffing glue
If I exist right now I damn sure can't provide you proof
Definitions of existence in this state of loose
You've done enough, relax, I'll finish tying up my noose
You had the f*cking nerve to outstretch calm point in
me
But can't you tell by how I'm sweating I am finally free
You were right about me, all along, whoop-de-doo
Leave a message, I have disappeared and so have you

[Hook]

It's like a fresh start of a new world
(And I'd do anything, anything, anything)
To go home

[repeat]

It's like a fresh start of a new world...
