Now We Run For Cover
Beneath the Dying Skies
As the Rivers Flow With Blood
Rage and Hate
Drips From Furious Banks
Spill Through These Streets
These Streets of Our Sin
Pray to Deaf Messiah

Blind Belief Will Not Save This Race
Only Condemn Flock to Slaughter

Now Show Me Your Cross
I'll Spit in Your Face
And Drag You Through Eternal Hell
Fuelled Only By Damnation
Now Show Me Your Prayers
The Will Be Repayed in Everlasting Agony

Blind Belief Will Not Save This Race
Only Condemn Flock To Slaughter
At The Hands Of The
Father Of Demonic Incarnation

Stare And Behold The End of Days
Demons of Wretched Fury
Tear Through the Pews
Curse the Martyr
Of Saviour
Of Human Sin

On This Final Day, Rises a New Tyrant
With Possession Over Mankind and Skies
Commanding the Noose
Around the Neck of Humanity
