With One Look

With one look I can break your heart

With one look I play every part

I can make your sad heart sing

With one look you'll know all you need to know

With one smile I'm the girl next door

Or the love that you've hungered for

When I speak it's with my soul

I can play any role

No words can tell the stories my eyes tell

Watch me when I frown

You can't write that down

You know I'm right,

It's there in black and white

When I look your way

You'll hear what I say

Yes, with one look I put words to shame

Just one look sets the screen aflame

Silent music starts to play

One tear in my eye makes the whole world cry

With one look they'll forgive the past

They'll rejoice: I've returned at last

To my people in the dark

Still out there in the dark

Silent music starts to play

With one look you'll know all you need to know

With one look I'll ignite a blaze

I'll return to my glory days

They'll say Norma's back at last

This time I am staying, I'm staying for good

I'll be back where I was born to be

With one look I'll be me
