Heaven, is this Heaven?  
Heaven, is this Heaven?  
Heaven, is this Heaven where we are?  
See them walking if you dare all, if you call that walking  
Stumble, stagger, fall and drag themselves along the  
streets of Heaven

Where is the blessed table to feed all who hunger on  
Earth?  
Welcomed and seated each one is joyfully served  
See them walking if you dare all, if you call that walking  
Stumble, stagger, fall and drag themselves along the  
streets of Heaven

Where is the halo that should glow 'round your face  
And where are the wings that should grow from your  
shoulder blades?  
Show them to me, sobering sights I've seen in the City  
of Angels  
Have all been one rude awakening that was due to me  
in Heaven

Sobering sights I've seen in the City of Angels  
Have all been one rude awakening that was due to me  
ohh in Heaven

There would be heavenly music, I was convinced  
before  
A host of the dearly to meet me with Hosannas sung at  
the door  
But these are sobering sights I've seen in the City of  
Angels  
Have all been one rude awakening that was due to me  
In this city of fallen angels
