Visit "[Orange](#)" on MotoLyrics.com

Lineage closed
Dissolved in it's birth
Tragedy
Prelude a balance

Is a synergy of reason
Malicious hope
As techno atrocities
Lapse their effects

Associate these ends
Their clarity demands your revenge
Please compensate
And not deny

Jungle revenge
Infanticide
Crosses
Very thin walls

Latent casualties
Arrive from fatal initiation
No longer recessive
Genetic aliens abandoned
Plain deceit in the mirage of
A just one time cause

We, we'd all changed the clocks
No ladies auxiliary to kiss
Their blistered cheeks
Gone

They were gone
[Incomprehensible]

But associate these ends
Their clarity demands your revenge
Please compensate
