What's all this confusion.
Why must life be so hard at times.
Is this an illusion or just broken nerves,
that they push right before our eyes.

Chorus: And I love the way you love me
(background: love me)And I hate the way they don't
even
care anymore.(background:I don't care)

Like shells in the ocean, waiting to wash up on your
shores. Praying for safe hands to rescue you,
from the sands that drag you down below.

Chorus: And I love the way you love me
(love me)And I hate the way they don't even care
anymore.

And I don't care what they say
(what they say)no I don't care what they say.
And I don't care what they say,
(what they say)no I don't care what they say.

You are the sun, you are the light,
you are the only who can save me from this darkness
that is my life.You are the sun,
you are the light, you are the only who can save me,
save me from myself.

Chorus: And I love the way you love me
(love me)And I hate the way they don't even care
anymore.

And I don't care what they say
(what they say)no I don't care what they say.
And I don't care what they say,
(what they say) no I don't care what they say.

(I dont care)
