Everybody over there, get on up  
Everybody up there, get into it  
Everybody right there, get involved

Everybody over there, get on up  
Everybody up there, get into it  
Everybody right there, get involved

All the people on the left, just participate  
And everybody on the right, we won't make you wait  
And all the people in between, just shout and scream  
And have a funky good time if you know what I mean

Because when we rhyme, we move people by the  
masses  
When they say they'll pay we'll play when they ask us  
Some say they don't know of us but that is a lie  
Suckas try to play they games of Dis-and-Die

And don't you try to shake my hand or be my friend  
Unlike a hook made out of rubber I will not bend

Drop the bomb

To all you silly suckas we try to abuse us  
When we get ignited, they can't diffuse us  
It'll be on radio and even TV  
That we achieved a level where you wanna be

Now step off the pedestal, give us the mike  
So we can rock the people, the way you would like  
Just do us a favor, don't be a jerk  
'Cause all we wanna see is your body work!

But all we want to see is yo' body work  
Work yo' body  
Work yo' body

There's a lesson to be taught, that's the one you should  
learn  
They can't buy respect, it's what you earn  
'Cause when you dis 2 Live you get yours in the end

It's not a threat, it's a promise, my friend

So suckas step aside, let the women do their thing  
Come on y'all, and shake that thing

Work that thing

Work that thing
