### Verse 1: Fresh Kid Ice

There's 8 million stories in every city  
And Americans love to watch it on TV  
There's gays, lesbians, stripper nymphos  
Teenage prostitutes, husbands gone psycho  
The haters hate it 'cause it's too hot for TV  
But America rules, nasty as we wanna be  
Always #1 across the land  
So don't hate Jerry 'cause he's the man!  
With more fight time than HBO  
And even Don King should promote talk shows  
It's the best thing in years to hit the TV  
'Cause America's rowdy-rowdy like Master P  
Players everywhere love a good talk show  
'Cause the hoochies get naked like a 2 Live show  
So always represent the American way:  
Freedom of speech and always gettin' paid!

### Chorus:

[Living in America!]  
[Living in America!] (All the time, station to station)  
[Living in America!] (Here to here, across the nation)  
[Living in America!] (Got to have a celebration)

### Verse 2: Brother Marquis

The ghetto got me caught up in some talk show shhhhh  
Now I'm on TV to find that my girl was a trick  
She did my main man, plus my own band  
I had to take a stand and beat the trick bad  
Two sisters, that were doin' the two brothers  
Now they fight 'cause they was doin' each other  
The girl posin' nude used to be a dude  
Outcasted from the family, now they startin' a feud  
The man cheatin' on his wife got caught last night  
'Cause the girl he was kissin' was a transvestite  
Got caught on TV where it's too late to fight

Now the whole world knows about his secret life  
50-year-old mom, dressed him like a hoochie  
The hoodrat pulls a gat on the groupie

Too hot for TV, too much for the movies  
Some lady smacked Jerry, say what? Sue me!

Chorus

Bridge:

(Miami! Atlanta G.A.! Chicago! And L.A.!  
Houston! And New York City! And don't forget -  
Cincinnati!)  
[I live in America!]  
[I live in America!]

Verse 3

[Kid Ice] No matter how you feel, the stories are real  
Showin' the world how Americans feel  
With home-grown topics and a final thought  
They even got hoochies without their bras  
Of all the talk shows he's the best by far ...  
{Instrumental where there should be a verse}  
So set your VCR's if you got to go,  
'Cause you're living in America with the Springer show!  
[Marquis] At the sound of the bell that goes Aw Hell!,  
Another knock down, another video sale  
All problems solved, all matters scarred  
A girl got knocked out her chair upside the wall  
More hair-pullin', nail-bitin' and people fightin'  
I love this show because it's so excitin'  
The people believe what they really see  
On tabloid TV, even me!

Chorus

{JER-RY!! JER-RY!! JER-RY!! JER-RY!! JER-RY!! JER-RY!!  
JER-RY!! JER-RY!! JER-RY!! JER-RY!! JER-RY!! JER-RY!!}
