Luke:

LET THE BEATINGS BEGI-I-I-I-IN!

[Excerpt from the Cheech & Chong track "Pedro and Man At The

Drive-In," in which a man is whipped and gives cries of satisfaction]

Woman:

"Listen all you motherfuckers! Callin' alllll freaks!

Bull-daggers! Pussy riders! Shit eaters! Dick beaters!

Fags! Sissies! Asshole fuckers, or just plain ol' fuckers!"

Verse 1: Brother Marquis:

I'm a part of this, just like you

I'm a disciple of Satan, with work to do

I'll ride you to your death and squeeze blood from your breast

And work you like a sex slave, you gets no rest

Your love is your pain, and pain is your gain

I can see it in your eyes, the devil's deep inside

You'll force the fit just to feel the strain

You're a masochistic freak in disguise

You worship the bed with your life

Holding sessions of confession every moonlit night

You do it so good, tasting every ounce

Until the last drop, leaving nothing out!

Luke:

S & M! Bring yo' dick-suckin' friends!

S & M! Let the beatings begin!

S & M! Bring all your horny friends!

S & M! Bring yo' momma and her friend!

I wear my leather in the summer to every show

Verse 2: Fresh Kid Ice

My sexual fantasies must be fulfilled,

With my whip around my neck, I control the hoes

Or my tensions will increase, and then I will ill

So I pulled a little girlie, this is what I did

Jumped in the ride, took her to the crib

Grabbed her by the ass and she gave me head
Rushed her in the room, sat her on the bed,
Then I turned her over, got it from the back
The pussy was sorry, so the bitch got slapped
Then I took my dick out, laid it on her chest
She put it in the middle, then she squeezed her breasts
As I got some feeling, this is what I said:
"Baby, baby, please! Just a little more head!"
S & M! Bring all your hoey friends!

Luke:

S & M! Bring yo' sister and her friend!
S & M! Bring yo' momma and her friend!

S & M! Let the beatings begin!

Woman:

"Piss dinkers ... overseas ... back off ... fuck off ... make
yo' dick

stand or put yo' pussy in yo' hand! You want it, we got
it!"

(Mixx cuts "Fuck me baby!" "Ooh daddy, beat me!"

"Come on and eat me baby!")

S & M! Bring yo' dick-suckin' friends!

Luke:

S & M! Let the beatings begin!

S & M! Bring all your horny friends!

S & M! LET THE ORGY BEGIN
