i'm not above spittin old chiches  
just to spray you what i need to say  
and i'm not above singin overdone love songs...kinda  
like this one  
you light up my life and walk away

(chorus)

it ain't easy lettin go i know, i know  
why don't you trust me?  
go ahead and trust me  
'cause i think you love me  
so ahead and trust me  
you've been burned real bad but i won't do you like that  
na-nah-nah na-nah-nah na-nah-nah na-nah-nah

i'm not afraid of your ripped ex-boyfriend  
i've got muscles he don't even use  
and i'm not afraid of the too cool for school crowd  
thinkin' i'm a sellout...  
just because i sang my song for you

(chorus)

it ain't easy lettin go i know, i know  
why don't you trust me?  
go ahead and trust me  
'cause i think you love me  
so ahead and trust me  
you've been burned real bad but i won't do you like that  
it ain't easy lettin go i know, i know  
na-nah-nah na-nah-nah na-nah-nah na-nah-nah
