So you got a new car  
Your music's blasting through the speakers  
You won the lottery two days ago  
So you say it'll change  
Your life forever

You despise everyone  
Who is not like you  
You say that's the only way  
To survive these days

You quit smoking  
'Cause you said if you smoke you die  
And became a vegetarian the very next day  
Think that's all that's gonna take to make all for the  
past

What you're gonna do with all the money?  
And how you're gonna sleep at nights?  
And where you're gonna go in the morning?  
When you're gonna realize this isn't what you want?

So you just drove to the park  
Walk in the dark  
And remember how you used to be  
Just you and the city  
Where everything's real  
Where the mailman knows who you are  
And there's always a place to go when you need to  
cry  
Just in case you don't have enough reasons to go  
crazy

What you're gonna do with all the money?  
And how you're gonna sleep at nights?  
And where you're gonna go in the morning?  
When you're gonna realize this isn't what you want?

You say that's a perfect life  
I don't want it  
You say that's a perfect life  
I don't want it

I don't want it  
"The story of my life, man"
