"Devil In Me"

I don't know how we got here, but I'd do it all over again
in a blink of
an eye. I'd like to make you some coffee in the morning,
pretend
someday I'll be a real housewife.

I'm not good at explaining myself, I just found myself
as well. And
now you know what color my heart is and whose side
I'm really on.

Please lend a hand, please make a stand.
Please lend a hand, please don't be sad.

You caught me lying by the devil in me.
And I was a poet before I came to this place.

I know I hurt you, I'm sorry for giving you heart a brand
new

scar. I would really appreciate it if you could give me a
brand new
start.

This is a short road leading to the real me, you're brave
if you decide
to walk it. We'll listen to John sing "Oh Yoko" and
remember the places
we've been.
