Please don't try to take me where
the sun don't shine, 'cause I will
make a fool out of you.
Please don't try to bring me down,
they did that to you,
but I'm not like you.

And don't you worry,
your life is heavy but I'll take care of you.
And don't you worry,
you've been a bad friend but I still love you.

Please don't try to kick me
when I'm already down.

Haven't you learned from looking around?
Please don't try to tear us apart.

And don't you worry,
your life is heavy but I'll take care of you.
And don't you worry,
you've been a bad friend but I still love you.(x2)
