Get Your Blue

Never mind where it all goes; the fame and money, it's
all a show. And
you got eaten whole by peers. The air is thin; oh,
goodbye tears.

Look no more for what you know. Prepare your bed to
feel like home,
so you can sleep and dream your dreams. 'Cause you
can be whatever
you please.

You ain't living life for nothing. And when you realize,
you're still
worth something.

Oh, you get your blue. You look so new; you know you
do, you get your
blue.

Smell the sweetness on your nose. And where it's at,
nobody knows. Keep
your eyes on the road, turn headlights t the snow.

You ain't living life for nothing. And when you realize,
you're still
worth something.

Oh, you get your blue. You look so new; you know you
do, you get your
blue.

You've got to love somebody, you've got to love
somebody, somebody
like me.

You gt to hold somebody, you got to hold somebody,
somebody like me.

You got to trust somebody, you got to trust somebody,
somebody like me.
