So you got a new car  
The music's blasting through the speakers  
You won the lottery two days ago  
You say it changed  
Your life forever

You despise everyone  
Who is not like you  
You say that's the only way  
To survive these days

You quit smoking  
'Cause you said if you smoke you die  
And became a vegetarian the very next day  
Think that's all that's gonna take to make up for the  
past

[Chorus]  
What you're gonna do with all the money?  
And how you're gonna sleep at nights?  
And where you're gonna go in the morning?  
When you're gonna realize this isn't what you want?

So you just drove to the park  
Walk in the dark  
And remember how you used to be

Just you and the city  
Where everything's real  
Where the mailman knows who you are  
And where there's always a place to go when you need  
to cry  
Just in case you don't have enough reasons to go crazy

[Chorus]  
What you're gonna do with all the money?  
And how you're gonna sleep at nights?  
And where you're gonna go in the morning?  
When you're gonna realize this isn't what you want?

You say that's a perfect life  
I don't want it

You say that's a perfect life  
I don't want it  
I don't want it
