Since the first time I'd seen your eyes, I cried inside
And since the first time your lips touched mine, I
thought I died
And I can tell you everything will be alright
But I won't lie, we're bound to fight
And I can tell you that the road won't wind
It's a bumpy ride from time to time

I'm gonna give it to you girl
Go on and give it to me boy
I'm (you'll be ready tonight) gonna give it to you girl
Go on and give it to me boy

Like a machine you push start to begin
Don't make me wait two weeks again
I am a fool who loves to rush up in
Give to me tonight till the morning

And what you feel you cannot hide, or you'll deprive
And what you feel that's inside is the right
And I can tell you that the stars won't shine
But I won't lie, they'll be bright
And I can tell you that my love will last more than night
'Cause it might or you may cry, oh

I'm gonna give it to you girl
Go on and give it to me boy
I'm (you'll be ready tonight) gonna give it to you girl
Go on and give it to me boy

Me naw deal with all that chatter
You'll get licked like a live wire
If you want it long term naw bother
No matter you'll still getting the allnighter

Skip to my time DJ
Allnighter, allnighter

And I can tell you I love you in a song that I write
So you can tell your friends "that song is mine"

I'm gonna give it to you girl
Go on and give it to me boy
I'm (you'll be ready tonight) gonna give it to you girl
Go on and give it to me boy

Back it up bring that tune again
Light it up get in the mood and then
Love it when we wind it in a dancehall set
DJ don't bring the hip hop back a yet
