What I want?
Mornings to the winter
And afternoons to the summer
What I want?
Is for you to be waiting
Round the other side of every door

What I want?
To walk through the wardrobe
Of other bodies that we have known
What I want?
Fifteen minutes with you

What I want?
A lover who loves me
When others have loved me not
What I want?
Is a big love, two spoons in a drawer
The master plan

What I want?
A lover who can love me slowly
What I want?
To make your heartbeat faster

What I want?
Is a room with a three-bar fire
Like the one you had before
When you were poor and I just liked you more

What I want?
To be in the park in the morning
The long shadows on the grass
And the swans still asleep

What I want?
To love you everywhere and every how
What I want?
Kiss you until our lips are numb

What I want?
Kiss you till everywhere hurts

I want
Is to hear the rain against the window again
