"And Other Reflections"

Time, thousand of thoughts stun me,
And I don't know yet if I prefer the past.
No!!!
Requiem for the innocence, not even I hear
Its notes and so near they sounded...
Sometimes, emotions show the dark side of me,
I can't understand my own acts.
Time invites to forget so many little things which talk
about me.
No!!!
It's a long time ago, now I see it clearly who deserves
an awake...
Sometimes, emotions show the dark side of me
I can't understand my own acts and I close another
door.
When trouble invades you.
