Time, thousand of thoughts stun me,  
and I don't know yet if I prefer the past.  
No!!!  
Requiem for the innocence, not even I hear  
its notes and so near they sounded...  
Sometimes, emotions show the dark side of me,  
I can't understand my own acts.  
Time invites to forget so many little things which talk  
about me.

No!!!  
It's a long time ago, now I see it clearly who deserves  
an awake...  
Sometimes, emotions show the dark side of me  
I can't understand my own acts and I close another  
door.  
When trouble invades you.
