It's cooler now
An opening of the senses
She's snowy wise
Lined and kind
Pen in her mouth
Hair in pencils

It's cooler now
An opening of the senses
It's cooler now
It's cooler now

And every bit the little girl
Every bit the little girl
Every bit the little girl

Sunsets in her eyes

It's cooler now
An opening of the senses
She's snowy wise
Lined and kind

And every bit the little girl
Every bit the little girl
Every bit the little girl
