Lay down your cross  
Cross off your day  
Lady, lady

Turn off your phone  
Lie where you lay  
Lady, lady  
Please, please

Love let me love  
Love let me love  
Love let me love  
Let me love her again

Love let me love  
Let me love her again

Oh yeah

Kick off your feet  
Twist off your head  
Lady, lady

Burn all your clothes  
And then let's go to bed  
And get Lazy  
Lady, Please, Please

Love let me love  
Love let me love  
Love let me love  
Let me love her again

Love let me love  
Let me love her again

Oh yeah

You don't see me drinking alone  
Do you dear?  
You don't see me drink on my own

Do you dear?  
You don't see me drinking alone

Love let me love  
Love let me love  
Love let me love  
Let me love her again

Love let me love  
Let me love her again

Oh yeah

Love let me love  
Love let me love  
Love let me love  
Let me love her again

Love let me love  
Let me love her again

Oh yeah
