I can't undo the day
It won't go, won't go under the rug
I pull all the stops
And you, you pull the plug

These are soberer days
And I know it can't be
But I'll miss you the way
You miss the sea

[Incomprehensible]
(Don't look down)
Keep staring like you've never seen the stars
(Don't look down)
If you need me to remind you who you are

(Don't look down)
Little blossom there's the shiniest soul
Just behind those eyes

No longer my affair
Well I can't go there just yet
So I've come to love and trust
Those friends that are holding your net

Falling off used to mean
Maybe grazing a knee
And I'll miss you the way
You miss the sea

[Incomprehensible]
(Don't look down)
Keep staring like you've never seen the stars
(Don't look down)
If you need me to remind you who you are

(Don't look down)
Little blossom there's the shiniest soul
Just behind those eyes

While I won't second guess
What you're thinking of me

I will miss you the way
You miss the sea

[Incomprehensible]
(Don't look down)
Keep staring like you've never seen the stars
(Don't look down)
If you need me to remind you who you are

(Don't look down)
Little blossom there's the shiniest soul
Just behind those eyes
