"To Be Or Not To Be"

Escape from reality is a good medicine for my mind

There's nothing to think about in the Garden of Eden I
feel fine

It takes all my energy to be able to succeed

I lie, still and kill, then I'll be ready to be the King

Maybe it is too easy, but i don't need anybody to save
me

Maybe I'm busy, but everyone obeys me

To be or not to be

It's now the time to make my choice:

To be or not to be God

I wonder if I'll ever answer the question about my life

When I'm not even close to really seeing what we hide
inside

Maybe it is too easy, but i don't need anybody to save
me

Maybe I'm busy, but everyone obeys me

To be or not to be

It's now the time to make my choice:

To be or not to be God
