Best intentions bring joyless droughts  
Pack your hacksaw come push me out  
When your dentures prevent your smile  
These adventures will fill your eyes

With love  
With love

You've been going see-through, could do with a little  
sun  
I'd give my liver to see you abide and ride shotgun  
The back-end scandal awaits me, just can't do it alone  
Your sweetheart probably hates me, but I'll send you  
home

Your dome filled up with love  
With love  
With love  
Fill your eyes with love  
With love  
With love

Love will find you out  
Be sure love will find you out  
Love will find you out  
Be sure love will find you out

As anybody with a kind word would know  
Gonna find you  
Love will find you out  
Be sure love will find you out

As anybody with a kind word would know  
Gonna find you  
Love will find you out  
Be sure love will find you out

Fill your boots  
Fill your spine

Fill your dome  
Fill your eyes with love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love

Love will find you out  
Be sure love will find you out  
With love
