Why ruining your life a acting foolish prayers?

Sacrifices, ritual and homicides

Drinking animal blood with no sense of shame

'Till the bottom of the chalice will start to shine!

Unspeakable secrets that make you a slave

What's the meaning of this absurdity?

I can understand the feelings

Blood injected eyes growing high

I do comprehend the reasons

The insanity of their minds...

CHORUS

How can your state of mind be healthy and free

When even your best friends may attempt your life?!

How can you state of mind be healthy and free

When even your best friend can put you on a bier?!

I do comprehend the reasons

The insanity of their minds...

CHORUS

How can your state of mind be healthy and free

When even your best friends may attempt your life?!

How can you state of mind be healthy and free

When even your best friend can put you on a bier?!
