Embodying shadows, I come in your lake

Barring my dead shows, I crawl on this rendered earth

Young crystal symbol, hung on the wall

Parasite idol, virtual upstanding forge

Recall flaring light

Recall humble lurk

Recall pale mouth

Recall endless run

Acting with my letargic impulse

Heretic beholder

Answered by barren fake reaction

Forbidden chapter, words I deny

Faithless observer, open my lonely side

Recall flaring light

Recall humble lurk

Recall pale mouth

Recall endless run

Acting with my letargic impulse

Heretic beholder

Answered by barren fake reaction
