Toys left on the shelf
the pillow on the floor
a squeak comes from the door
believe me, please ignore
this image in your mind
just leave your grief behind

So tell me why you look behind
Irwin!

Image of disgrace
don't look behind
blood on your face
flood in your mind

"Them" whisper to you
this torment never ends
a scar deep in your brain
gotta wash this filth away

So tell me why you look behind!
Irwin!

Image of disgrace
don't look behind
blood on your face
flood in your mind

Don't look behind
blood on your eyes

So tell me why you look behind!
Irwin!
