Legends To Relieve Poverty And Pain Are Lost In Time  
Evil Will Quit The Fight  
So Many Men Believe Living On Earth Is The Price  
Of A Never Fading Light

We're Inclined To The Divine  
Humans Believe But Don't Want To Die  
Ingenuous Minds Captured By  
Rites Of Amazing Emptiness

Suffering Is Rewarded Prostration Appreciated  
Justice Love And Peace Guarantees  
Adding Some More Prayers For What Is Done  
Devotion's Never Enough  
When The Time Has Come Life's Begun

We're Inclined To The Divine  
Humans Believe But Don't Want To Die  
Ingenuous Minds Captured By  
Rites Of Amazing Emptiness

Huge Deception  
By Cults And Churches  
Growing Wealthy...

We're Inclined To The Divine  
Humans Believe But Don't Want To Die  
Ingenuous Minds Captured By  
Rites Of Amazing Emptiness

Feeling Of Love And Respect  
You Can Never Learn  
If Not Spontaneously Felt!  
You'd Better Keep Tight What You Have Inside...
