Going home, the sun is going down,  
Don't wanna see you  
All alone, just wanna stay alone,  
don't want you back now

When I walk and everything's calm  
The dawn will never be arriving  
When I walk in this never ending night,  
The wheel will finally keep on turning

I'VE FOUND THE STRENGTH TO CARRY ON  
NEVER SURRENDER  
I'VE FOUND THE STRENGTH TO FACE THE DAWN  
NEVER SURRENDER

Here's the moon, oh my little moon,  
My second world now  
All alone, I'm better all alone  
I've found the way how..

When I walk and everything's calm  
The dawn will never be arriving  
When I walk in this never ending night,  
The wheel will finally keep on turning

I'VE FOUND THE STRENGTH TO CARRY ON  
NEVER SURRENDER  
I'VE FOUND THE STRENGTH TO FACE THE DAWN  
NEVER SURRENDER
