Lost touch, long ago  
It didn't end so well, I know, yes, I know  
Lashed out, had a row  
I don't know where home is for you now, for you now

Your drink should not have stayed undrunk  
You should have drunk it down 'fore your prayers  
I showed no mercy to you then  
No mercy when

A glass unkissed by human lips  
A glass untouched by human hands  
A glass unbroken, cut the skin  
Until we bled

A glass unkissed by human lips  
A glass untouched by human hands  
A glass unbroken, cut us both  
Until we bled

Lost all in the end  
And threw out the suffering of a friend, such a friend  
So let's hope life is kind  
And will deliver peace of mind, peace of mind  
Oh, peace [Incomprehensible] mind

Forgive this crazy one  
Her crazy time in hell  
She keeps her silence now  
And means you well

A glass unkissed by human lips  
A glass untouched by human hands  
A glass unbroken, cut the skin  
Until we bled

A glass unkissed by human lips  
A glass untouched by human hands  
A glass unbroken, cut us both  
Until we bled

Until we bled, until we bled

Until we bled, I bled for months for you

A glass unkissed by human lips  
A glass untouched by human hands  
A glass unbroken, cut the skin  
Until we bled

A glass unkissed by human lips  
A glass untouched by human hands  
A glass unbroken, cut us both  
Until we bled

A glass unkissed by human lips  
A glass unkissed by human lips  
A glass unkissed by human lips  
A glass unkissed by human lips
