God only knows

I may not always love you  
But long as there are stars above you  
You never need to doubt it  
I make you so sure about it  
God only knows what I'll be without you

If you should ever leave me  
Though Live would go still on, believe me  
The world could show nothing to me  
So what good could living do me  
God only knows what I'll be without you

God only knows what I'll be without you  
If you should ever leave me  
Well Live will go still on, believe me  
The world could show nothing to me  
So what good could living do me  
God only knows what I'll be without you

God only knows what I'll be without you

God only knows what I'll be without you
