Visit "[Athens](#)" on MotoLyrics.com

Find me a place to live in Athens,
Some place that's not too big for two, that's all.
It's peace and love, it's love not war, now live it out
Love and me and her are meant for each other, that's
all.

Sweep me away
Into Your love

Hawk, these old English shores, we've landed,
Home again, at least for now. Renewed... that's all.
It's life or death, we've chosen life, now live it out
Find-ing love again, it's all just making sense... that's
all.

Speak to me through the watches of the night
Let me hear your voice
Subtle soft through the air love will come
