Take my life and let it be
So unsure; my lethargy
Kicks in again at the eleventh hour
I'm back to square one again.

Half the time I'm lost at sea
The other half I'm Steve McQueen.
I'm trailblazing but currently
I am stuck on barbed wire.

If I'm going to grow in
I must throw in everything.

Take broken me, can't believe that
You would use me.
Take broken me, can't believe that
You would use me.

I'm broken down and I need repair
But I'm freewheeling, it feels like I'm almost there.
These are the strangest days we've ever lived
And the best is yet to come.

How do I know? The Bible tells me so
I'm scared, I'll trust, I'll fail but I must
If I'm going to grow into you.

Take broken me, can't believe that
You would use me.
Take broken me, can't believe that
You would use me.

How do I know? The Bible tells me so
I'm scared, I'll trust, I'll fail but I must
If I'm going to grow into you.
