Calling all the dreamers hello, hello
They don't need us anymore
They've got us all in chains now hello, hello
Gonna keep us all in store
And get machines to do it all
They don't need people any more
Like you and me
Calling all the breeders hello, hello
They don't need us anymore
They've got us all in chains now hello, hello
Gonna keep us all in store
And get machines to do it all
They don't need people anymore
Like you and me
I never said I was a man with a mission
I never cared, no I never cared at all
I never wanted to be anyone's magician
Now I am and that's the way it's gonna be
I never said I was a man with a mission
I never cared, no I never cared at all
I never wanted to be anyone's magician
Now I am and that's the way
That's the way
The way It's gonna be
