## "Cry"

Visit "[Cry](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I've cried a million times and it's easy  
I've watched a million teardrops fall like rain  
I've cried a million times and it's easy to cry again

Don't stop, just leave me now to wash away my pain  
I've cried a million times and it's easy to cry again

I've cried a million times and it's easy  
I've lost a million lovers all in vain  
I've tried a million times and it's easy to cry again

Don't stop, just leave me now to wash away my pain  
I've cried a million times and it's easy to cry again

Don't stop, just leave me now, you won't stop the rain  
I've cried a million times and it's easy  
To cry, to cry, to cry again  
To cry again...

That is all the songs from the album "In Here We Fall"  
I don't have the other two albums, so I wouldn't be able  
to give you the words... if I get them, I'll be sure to send  
them to you. Farewell
