Now is not the time to go, I feel the morning afterglow  
and it feels so very strange.  
It's very very frightening, I realize what's happening  
could it be that I'd fall in love

She's the only one for me and she's got everything I  
need  
Turn my back and run away  
She's the only one for me and she's got everything I  
need  
Turn my back and run away

Now is not the time to go, I feel the morning afterglow  
and it feels so very strange.  
It's very very frightening, I realize what's happening

Turn my back and run away  
She's the only one for me and she's got everything I  
need  
Turn my back and run away

Turn my back and run away...
