Bobby goes to work on Mondays
He's got a car but he don't drive
Billy meets him at the office
No one knows he's alive

Tom is closing a big deal
And he's running late for squash
Mike is talking on the cell phone
His confidence is never lost

Here come the future boys
[Future boys]
Here come the future boys
[Future boys]
Hmm. The future boys
[Future boys]
Making money
Oh my god!

Looking so good you want to eat them
Watching our future women treat them
No weapon on earth could ever defeat them

This is the creature in it's natural habitat
Can't take away his money 'cos he's got too much of
that
Future boys will be future boys. Heh!

Steve has joined a corporation
Another bee for the beehive
Johnny makes love to a dummy
Says "ain't it good to be alive".

Here come the future boys
[Future boys]
Here come the future boys
[Future boys]
Hmm. The future boys
[Future boys]
Making money
Oh my god

Looking so good you want to eat them
Watching our future women treat them
No weapon on earth could ever defeat them

This is the creature in it's natural habitat
Can't take away his money 'cos he's got too much of
that
Future boys will be future boys. Heh!

I say... Future boys will be future boys. Heh!

Future boys will be future boys. Heh!

Oh! Future boys will be future boys. Heh!
