Remote control me right

Remote control me left

Remote control me right

Remote control me

Manipulate me here

Manipulate me down

Manipulate me up

Manipulate me

Ooh, you're sitting in your chair

But you ain't going nowhere

You got your finger on the button

But you ain't doing nothing

I'm begging you please

Remote control me right

Remote control me left

Remote control me right

Remote control me

Manipulate me here

Manipulate me down

Manipulate me up

Manipulate me

I've waited years for this

Yes!

Remote, remote me

Remote, remote me

Remote, remote me

Remote, remote

Control me right!

Remote control me right

Remote control me left

Remote control me right

Remote control me

Manipulate me here

Manipulate me down

Manipulate me up

Manipulate me

Ooh!
