Verse One:

Were living in the last day in age,
in the last day in age,
in the last day in age of the sun.
60 million freeways gone,
empty freeways,
empty freeways.

Chorus:

This is the living end,
its all crab grass and clover,
oh god its almost over.

Verse Two:

Having lunch with an old girlfriend,
just a good friend baby,
just a good friend baby and a son,
One big happy family,
T.V family,
T.V family,
This is the living end,
This is the living end,
