Take a look at me  
And you only seeing what you want to see  
Well do I make you feel  
Like you'll always be a part of something real

chorus  
Welcome to my world  
Is it everything you thought it would be

Take a look at you  
We forgotten more of what you never do  
And you still play the part  
It's the only thing you still know how to do

Welcome to my world  
Is it everything you thought it would be  
Welcome to my world  
It's a living, breathing nightmare to me  
Welcome to my world (spoken)  
Welcome to my world (5x)
