"Age Of Fire"

Visit "[Age Of Fire](#)" on MotoLyrics.com

The time has come for us to make infernal dreams
reality
And turn the world into a funeral pyre
The gates of Hell are open
Filling hearts and minds with hope
The time has come to cleanse the world with fire

Television angels falling,
There's a revelation calling
This world will never be the same
No more false prophets preaching
An end to all the lies they're teaching
Everything is going up in flames

Synagogues and churches is burning
Can't you see the tide is turning?
How many fires will it take?
Before you realize that god is dead
Until you open up your eyes and see your god is dead

God is dead, *Hail Satan* Satan lives!
God is dead, *Hail Satan* Satan lives!

This is the new Way...Hail Hellfire!
This is the new Age...Hail Satan!
This is the age of lust and dark desire
It's the age of anger, it's the Age of Fire!!

Burn, baby, burn! Burn! Burn, baby, burn!

And the pulpit of lies is crumbling now
As the puppets of Christ come tumbling down, down,
down, down, down, down, down..

Let the fire in our hearts become a fire in our minds
And let our minds light fires among all mankind
BURN!

Burn, baby, burn! Burn! Burn, baby, burn!
Burn, baby, burn! Burn! Burn, baby, burn!
Burn in Hell!

Burn in Hell!

Let the fire in our hearts become a fire in our minds
And let our minds light fires among all mankind

Burn!
Burn, baby, burn! Burn! Burn, baby, burn!
Burn, baby, burn! Burn! Burn, baby, burn!

Synagogues and churches is burning
Can't you see the tide is turning?
How many fires will it take?
Before you realize that god is dead
Until you open up your eyes and see your god is dead

God is dead, *Hail Satan* Satan lives!
God is dead, *Hail Satan* Satan lives!

This is the new Way...Hail Hellfire!
This is the new Age...Hail Satan!
This is the age of lust and dark desire
It's the age of anger, it's the Age of Fire!!

Burn!
Burn, baby, burn! Burn! Burn, baby, burn!
Burn, baby, burn! Burn! Burn, baby, burn!

Burn!
Burn, baby, burn! Burn! Burn, baby, burn!
Burn, baby, burn! Burn! Burn, baby, burn!

Burn!
Burn, baby, burn! Burn! Burn, baby, burn!
Burn, baby, burn! Burn! Burn, baby, burn!

Burn!
Burn, baby, burn! Burn! Burn, baby, burn!
Burn, baby, burn! Burn! Burn, baby, burn!

Burn in Hell!
Burn in Hell!

God is dead, *Hail Satan* Satan lives!
