She's got me stolen
So you wonder why
Man I was rollin'
She has all I got

Feel too good
What can you do?
Can't seem to control myself
So how can I talk to you?

Met her in the garden
Taking the stairway home
Something hits me harder
Hits me like a stone

Feel too good
What can you do?
Can't seem to control myself
So how can I talk to you?

If it should be questioned
I can feel the heat
Mind her reflection
Stops you in the street
Feel too good
What can you do?
Can't seem to control myself
So how can I talk to you?

Feel too good
What can you do?
Can't seem to control myself
So how can I talk to you?

Feel too good
What can you do?
Can't seem to control myself
So how can I talk to you?

I feel too good
Feel too good feel too good
Yeah hey yeah

What can you do?
