Cast your mind back ten years  
To the girl who's next to me in school  
If I put me hand upon her leg  
She hit me with a rule

Though tomorrow won't be long  
You're gonna have to play it cool  
You get fascinated by her  
She could set the place on fire

Run and get the fire brigade  
Get the fire brigade  
See the buildings start to really burn  
Get the fire brigade  
Get the fire brigade  
If you jump you've got to wait your turn

Friends all seem to laugh  
I fear I'm apt to make a compromise  
Try to reassure myself  
My head must need some exercise  
Half past ten in the morning  
She just took me by surprise  
True she set the place on fire  
You get fascinated by her

Run and get the fire brigade  
Get the fire brigade  
See the buildings start to really burn  
Get the fire brigade  
Get the fire brigade  
If you jump you've got to wait your turn  
The lights across the street throw a rainbow  
I'd love you all to meet her  
I'll be there, I'll be there

Notice that my eyes have been  
A misty place since saturday  
Brings a feeling we might lead  
The fire engines anyway

Though tomorrow won't be long

You're gonna have to play it cool  
You get fascinated by her  
She could set the place on fire

Run and get the fire brigade  
Get the fire brigade  
See the buildings start to really burn  
Get the fire brigade  
Get the fire brigade  
If you jump you've got to wait your turn

Run and get the fire brigade  
Get the fire brigade  
See the buildings start to really burn  
Get the fire brigade  
Get the fire brigade  
If you jump you've got to wait your turn
