One look and you know she's trouble  
Ruby red lips and flashing eyes  
Can't resist, you just gotta have her  
Ooh it's a feeling that you can't disguise

You're booked on a one way ticket  
I can tell that you're going nowhere  
She's a drug and you're not gonna kick it  
Heartbreak city, she'll take you there

I know I've been here before  
I read the script, I know the score  
There's no rules, she plays her own game  
She's a real heartbreaker and she brings on the rain

Rain  
Falling from the skies, falling from your eyes  
Rain  
Falling from the skies, falling from your eyes

Thunder, can't you hear it crashing?  
Storm clouds are waiting for you up ahead  
Lightning, can't you see it flashing?  
You haven't listened to a word I've said

I know I've been here before  
I read the script, I know the score  
There's no rules, she plays her own game  
She's a real heartbreaker and she brings on the rain

Rain  
Falling from the skies, falling from your eyes  
Rain  
Falling from the skies, falling from your eyes

Rain  
Falling from the skies, falling from your eyes  
Rain  
Falling from the skies, falling from your eyes

Rain  
Rain

Rain  
Falling from the skies, falling from your eyes  
Rain  
Falling from the skies, falling from your eyes

Rain  
Yeah, yeah, she's a real heartbreaker, a heartbreaker  
Rain  
Falling from the skies, falling from your eyes  
Rain
