"Kiss Me Red"

I could paint your picture in the sky tonight
Your lips stick on the moon in pastel light
Baby, it's full and white
Honey, it's full tonight

Chorus

So kiss me red
Kiss me rouge
Kiss me rough
Kiss me smooth
Oh

I could paint your picture in my room tonight
Your body's on my mind, it's full and white
Oh, but you're far away
And what I wouldn't pay

Chorus

To kiss you red
Kiss you rouge
Kiss you rough
Kiss you smooth
Oh

It's black out
And I'm afraid of the dark
So I light a candle to replace your heart
What I wouldn't give to have you here in my bed

Chorus

To kiss me red
Kiss me rouge
Kiss me rough
Kiss me smooth
