I read the papers this morning
I saw your photograph
You look good in the movie
It must be so much fun

Letter from Spain
From someone I once knew
Letter from Spain

I got a letter this morning
Postmark said it was from Spain
Your writing is so very strange
I guess it always was that way

Letter from Spain
From someone I once knew
Letter

Letter from Spain
From someone I once knew
Letter from Spain
From someone I once knew
Letter from Spain
